#### **About The Pat Summitt Foundation**

The Pat Summitt Foundation, a fund of East Tennessee Foundation, was established by Pat and Tyler Summitt in November 2011. Its mission is to award grants to non-profit organizations that advance research for treatment and a cure, provide support for patients and caregivers, and educate the public about Alzheimer's disease. In 2015, The Pat Summitt Foundation formed a strategic partnership with The University of Tennessee Medical Center to create The Pat Summitt Clinic. The clinic, which opened in January 2017, greatly improves access to healthcare services for families and patients facing Alzheimer's disease in a facility created to advance Alzheimer's research, detection, treatment, and family caregiver support.
